Dear Sir,

I would like to have the Banks Lake Fishery Evaluation project (#200102800) continue past the August 31st, 2006 deadline. Having lived in the Banks Lake area for 39 years and having seen a lot of ups and downs in the fishery, I feel the Lake is again becoming an excellent fishery. Along with our net pen program, WDFW need to continue studying and developing areas that will produce more natural reproduction,

Sincerely,

Charles F. Long
